To Whom It May Concern:

**CA PROPOSITION 65 STATEMENT & DECLARATION OF CONFORMITY**

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor of California revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. For easy reference, chemicals which are newly added are shown in underline. Chemicals or endpoints shown in strikeout were placed on the Proposition 65 list on the date noted, and have subsequently been removed.

**Cortec Policy**

It is Cortec's policy to conduct business in a manner consistent with sound environmental management and personnel safety practices and to comply with applicable environmental laws and regulations. Through the use of best management practices, improvements are continually made to conserve natural resources and to minimize the use of environmentally sensitive materials.

Cortec Precision Sheetmetal is committed to meeting the requirements of the CA Prop 65 Directive and has reviewed its corporate standards accordingly. This letter is to declare that, to the best of our knowledge, Cortec Precision does not use any of the the chemicals listed in the Prop 65 list. Cortec is a metal fabricator and does not manufacture any raw materials, or electrical or electronic equipment.
